Dear Mr. Greer:

I thought while I was waiting for my answer from Savannah about dates, it might be a good idea to write and ask you if there was anything you could arrange between the 7th and 21st.

I am waiting to hear from Savannah, because while I have the schedule, I understand there are several exhibition games scheduled there, and I must find out the exact dates they are to be played. I am expecting an answer any day now. As soon as I have something definite I will write you again, but I thought you might be able to make some tentative plans in the meantime.

I would appreciate hearing from you as soon as possible.

Very Truly Yours
